

English Rose Residence

New design schemes and murals were created by John Canning & Co. for this opulent private home in Brookline, Massachusetts.

PROJECT DETAILS

John Canning & Co. designed and executed decorative finishes on walls and ceilings throughout this exquisite private home. Referencing historic work like the mosaic motifs of Herter Brothers, the finishes and ornate patterns combine for a subtle effect owing to a subdued color pallet.

We also designed and painted murals for the master bath suite and powder room.
